

Serial No. 10/056,090

REMARKS**SPECIFICATION**

The specification has been amended to include the word "moving" to provide antecedent basis as suggested by the Examiner.

CLAIM REJECTIONS UNDER 35 U.S.C. § 112

Claims 1-16 are rejected under 35 U.S.C. §112, first paragraph, as failing to comply with the written requirement. However, the Examiner noted that claims 1-16 would be allowable if rewritten or amended to overcome the rejections(s) under 35 U.S.C. §112.

The recitations of "the magnetic body has a diameter corresponding to a diameter of the coil," "an air core and a magnetic body having substantially same diameters" and "a magnetic body having substantially a diameter of the air core coil" have been deleted.

Thus claims 1-16 are submitted to be in allowable form.

CONCLUSION

In accordance with the foregoing, the specification and claims 1, 5, 6, 10, 12, 13, 14, 15 and 16 have been amended. Claims 8 and 9 have been cancelled. Claims 1-7 and 10-16 are pending and under consideration.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.
